11th German National Field Target Championship in Combination with the „2012 German International Open Championship“ on the Shooting Range Ebern.

Herewith I invite to the 11th Open German National Field Target Championship on the shooting range Ebern.

Schedule: Course setup: Friday, June 29th, 2012. Competition: Saturday, June 30th and Sunday, July 1st 2012.

Driving instructions: Ebern is located directly at the B279 within the city triangle Bamberg, Haßfurt, Coburg approximately 25 km North of Bamberg.

From the North and West drive to Ebern via the A7 taking the exit WERNECK to the A70/E48 in direction Schweinfurt/Bamberg. Then take the exit THERES/HASSFURT to the B26 until Hassfurt. In the traffic circle short before the city entrance take the 2nd exit. About 200 m after the city sign there is a road crossing with traffic lights where you drive to the left in direction EBERN. Again, after 200 m there is another traffic circle in which you take the 1st exit. This road leads directly to Ebern which you pass until you reach UNTERPREPPACH. There you find at the left a sign leading you in direction REUTERSBRUNN. After about 1 km you see at the right the road to the range. FT symbols additionally help you find your way.

From the South you reach Ebern via the A70. Take the exit BREITENGÜSSBACH MITTE and turn to the left in direction BAUNACH/FULDA on the B279. Drive about 20 km to Ebern which you pass until you reach the sign leading to REUTERSBRUNN. The last step is the same as explained above.

General information: the competition follows the rules of the BDS which may be downloaded in German from the BDS homepage www.bdsnet.de as a *.pdf file. An English version is available on request at the reception desk. All 5 classes of the BDS rules will be offered. For the classes 1 and 2 the maximal distance is 50 m. For the classes 3 to 5 it is 25 m. Compressed air will be available with adaptors for Air Arms, Walther and Anschuetz rifles. All airguns will be checked at a fixed station during the competition for their muzzle energy which must be 12 ft/p for classes 1 and 2 and 6.5 ft/p for classes 3 to 5 maximally. They will be marked with a proof seal which is not

valid in general for the whole competition. The rifles may be checked, namely, randomly also during the competition.

The competition consists of 2 subsequent courses with 25 lanes at both competition days with 50 shots each on 50 targets in an unknown distance, means 100 shots per shooter. The time limit is 1 minute per target. In 4 fixed lanes 2 targets each must be shot in standing or kneeling position. In these cases the time is started separately with the position change. A zeroing range is offered but there may be time limitations according to the number of participants. Only one start per class is possible. To guarantee comparable shooting conditions class 1 will be performed at Saturday and Sunday in the morning and all other classes in the afternoon. Depending on the list of participants also class 2 may be included in the morning. If a class is shot in the wrong time span the shooter may be taken out of scoring in case of a protest. Shooters who know the target distances may participate but will not be scored officially.

The winners of the German FT Nationals (places 1 to 3 in every class) will receive medals and certificates. German Champions in all classes must be BDS members (identification with the BDS Shooting Passport with valid 2012 mark is obligatory). All other shooters will be provided with certificates including the individual score. The winners of the International Competition (places 1 to 3) will receive prizes or medals. Range catering will be available.

Detailed time schedule: Friday, June 29th, 2012: 12.00 a. m.: Range setup. 03.00 p. m.: possibility of registration,
Saturday, June 30th, 2012: 07.00 a. m. until 12.30 p. m.: Registration and briefing by the Range Director. Competition starts at 08.00 a. m. (Class 1). 01.00 p. m. shooting Classes 2 to 5.
Sunday, July 1st, 2012: 08.00 a. m. shooting (Class1). 01.00 p. m. shooting Classes 2 to 5. Thereafter possible tie-brakes and Winner's Ceremony.
At June 30th and July 1st, 2012 the zeroing range is open from 07.30 a. to 08.00 a. m and from 12.30 p. m to 01.00 p. m..
In the evenings from June 29th up to July 1st, 2012 there is the opportunity of social events in nice rural pubs in the neighbourhood.

Scoring: The scoring is done by Range Marshals on score cards provided before the starts. They will be double-checked by the Range Director and his Deputy.

Registrations: Here [ONLINE](#). In exceptional cases only by mail to Volker Blüm, In den Hegen 30, D-44797 Bochum, Germany with attached form.

Deadline: June, 1st, 2012.

Starting fee: 20,- € per start (multiple starts only in maximally 2 different classes!).

Banking connection: Bund Deutscher Sportschützen 1975 e. V., Deutsche Kreditbank Berlin (BLZ 120 300 00), Konto Nr. 18003111, SWIFT-BIC: BYLADEM1001, IBAN: DE77 1203 0000 0018 0031 11.

The starting fees of the German participants must be on the BDS account at June 15th, 2012. The undersigned registration forms received by the Range Director are legal documents. The starting fees are "lost money" in case of absence and will not be refunded. All German participants must perform the bank transfer. Cash payment is possible only with serious reasons and an advance agreement with the RD. **All international participants must also register but may pay the starting fee(s) in cash at the registration desk after arrival.**

See you in Freudenberg! Best regards

(Volker Bluem)

Enclosures: Helpful information, lodging information and entry form

HELPFUL INFORMATION:

GENERAL: *To approximate the 8th Open German National Field Target Championship in Combi-nation with the „2009 International Open“ to the standard of a World Championship the basic concept was changed already in 2008. Every shooter now has to perform at both days of the competition a course with 50 shots resulting in a total of 100 shots. For shooters starting in a second class that means that she/he has to be for about 8 hours at the lanes which may be very exhausting. Moreover, the increased time demand results in a very strict organisation which demands a high discipline from the shooters. It has to be pointed out that the given starting times for the afternoon courses may be changed. An exact time schedule is only possible after the completed list of all competitors. Therefore: please, remember the registration deadline June 1rst, 2012!*

IMPORTANT: *Foreign shooters who do not possess an European Firearms Passport (EFP) must apply for a import licence. We will take care for that if the following information is sent via email to wcfpsc@online.de : name, first name, address, date and place of birth, passport number, rifle make, caliber and serial number(s). A permission may include up to 6 rifles and costs a fee of about 12 €. We will pay that (you have to refund it together with mailing costs at the reception desk after arrival) and send you the permission via mail. This procedure may last up to 4 weeks and you have to take care to provide us early enough with your data. For reasons of effectivity you should “bundle” the rifles in your country in one permission and inform us to whom this should be sent.*
